PROFILE

An Informatics Engineering graduate with approximately 3+ years of experience in IT field, specializing in web development through professional work, freelance projects, and internships. Passionate about learning new technologies and continuously expanding skill sets, with a strong aspiration to grow into a well-rounded software engineer. Proven ability to deliver high-quality, user-friendly web applications and collaborate effectively in team environments.

WORK EXPERIENCE

PT Nutech Integrasi (Dec 2024 – Present)

Frontend Developer | Contract

- Developed and maintained enterprise web applications, including Logistics System for POS Logitic Indonesia and Executive Dashboard for LRT Jabodebek
- Implemented Redis caching for frequently accessed data, reducing redundant API calls and improving application load time and responsiveness
- Initiated adoption of React TanStack Query, reducing code complexity by approximately 30% and improving data-fetching efficiency
- Introduced Zustand for state management, improving code readability and maintainability across the application
- Acted as Frontend PIC for Order Management System (OMS) module, leading development of core features and ensuring minimal bugs in production
- Collaborated with backend engineers and cross-functional teams to deliver scalable and reliable features

PT Sagara Technology (Jan 2024 – Dec 2024)

Frontend Developer | Contract

- Contributed to multiple web projects, including Tanito, Pertamina NRE Landing Page, AbangGas, Dashboard Pangan Nasional, Petrokimia Gresik Procurement System, and Zyrex Maverick E-Commerce
- Delivered bug fixing and maintenance across various projects, improving application stability and ensuring consistent user experience
- Optimized performance of Pertamina NRE Landing Page by migrating from client-side rendering to server-side rendering (SSR), reducing page load time by approximately 50%
- Initiated state management implementation using Recoil in Zyrex Maverick E-Commerce, reducing code complexity and improving code readability
- Collaborated with cross-functional teams to identify issues, troubleshoot bugs, and deliver timely fixes across multiple codebases

PT Menara Pengetahuan Indonesia (Feb 2023 – Jun 2023)

Frontend Developer | Internship

- Collaborated with the team to develop a Learning Management System (LMS) platform, completing responsive slicing for over 10 pages, API integration for 5+ pages, and resolving more than 10 bugs and adjustments. Ensured seamless functionality and user experience across all components.
- Presented team efforts in 3+ weekly meetings to report on the frontend division's weekly progress, ensuring clear communication of milestones, challenges, and next steps to stakeholders.

PT Egrotek (Jun 2022 – Des 2022)

Frontend Developer | Internship

- Developed an IoT device monitoring platform, slicing more than 3 responsive pages to ensure optimal display across various devices.
- Implemented state management to handle data on the dashboard, enhancing system efficiency and performance.
- Integrated with Firebase API for over 3 pages, ensuring real-time data management and smooth synchronization.

CERTIFICATION

- **Badan Nasional Sertifikasi Profesi Certification (BNSP 2024)** | Junior Web Developer Occupational Scheme

PROJECT BASED WORK EXPERIENCE

Sarvenaz (Jun 2025 – Oct 2025)

Frontend Developer | Project Based

- Frontend PIC for *AbangGas* web application, owning frontend feature delivery and ensuring timely releases
- Implemented WebSocket-based real-time features for chat and dashboard, enabling instant data updates and reducing latency compared to traditional polling methods
- Developed and integrated REST APIs across multiple core features, ensuring smooth data flow and consistent user experience
- Conducted code reviews and enforced coding standards to improve code consistency and maintainability

Harmonix (Jan 2025 – Mar 2025)

Frontend Developer | Project Based

- frontend lead in development for *M-Paspor* project, overseeing code quality and development workflow
- Reviewed 20+ merge requests, ensuring adherence to coding standards and improving overall code quality
- Implemented proxy configuration in Vite to streamline API integration and simplify development environment setup
- Managed and prioritized task tracking to ensure timely feature delivery and efficient team coordination
- Collaborated with cross-functional teams to align frontend development with project requirements

EDUCATION

- **Telkom University Purwokerto (2020 – 2024)** | Teknik Informatika / GPA **3.99**
Awards : Speaker at National Seminar Centive 2023
Relevant Coursework : Basic Programming, Functional Programming, Object-Oriented Programming, Web Programming, Semantic Web, Algorithms and Data Structures, Database Systems, Software Projects.
Final Project / Undergraduate Thesis : Implementation of Responsive Progressive Web App (PWA) in the Development of Point of Sale Applications for MSME Ecoprint (Case Study: Cemantingart Purbalingga)
- **SMK Telkom Purwokerto (2017 – 2020)** | Teknik Komputer dan Jaringan
Awards : Participant at Olimpiade Mikrotik APJII 2019

SKILL

- **Programming Languages** : Javascript (experienced), Typescript (experienced), MySQL (experienced), PHP (experienced), Python (familiar), C++ (familiar), Java (familiar)
- **Website Development** : HTML (experienced), CSS (experienced), Tailwind CSS (experienced), React JS (experienced), Next JS (experienced), Vue Js (familiar), REST API (experienced), Laravel (experienced), Express JS (familiar), UI Design (experienced), Node Js (experienced)
- **Tools** : Visual Studio Code, Webstrom, Postman, Figma, Trello, Github, Gitlab, Notion
- **SoftSkill** : Team Collaboration, Time Management, Hard Work, Critical Thinking, Problem Solving, Fast Learning

LASTEST PROJECT

- **POSIND Logistic – ongoing project** (Frontend)
- **Sun For Mom** (Mobile & Backend)
- **Pertamina NRE Company Profile** (Frontend)
- **Zyrex Maveric E-Commerce** (Frontend)
- **AbangGas Admin Dashboard** (Frontend)
- **Molina Paspor** (Frontend)
- **Petrokimia Gresik Procurement Webiste** (Frontend)
